This user guide is intended to provide you with guidelines to ensure that operation of this product is safe and does not pose risk to the user. Any use that does not conform to the guidelines described in this User Guide may void the limited warranty.

Please read all directions before using the product and retain this guide for reference. This product is intended for household use only. It is not intended for commercial use.
Safety Tips and Precautions

- Do not place the appliance near open flames or heat sources. Fire, electric shock, product damage, or injury might occur.
- Be careful not to drop the pill dispenser, as this could damage the product or pills inside.
- Water can damage the dispenser, cause issues with the battery, or otherwise adversely affect the medication contained inside. Do not immerse this pill dispenser in water or other liquids, or expose it to liquids that might get splashed on it. Do not place it in an environment where there is excessive moisture or humidity.
- Never force the locking cover open.
- A low battery symbol ⟼ will appear in the upper right corner of the LCD display when battery power is low. Be sure to charge the battery promptly to ensure the proper operation of the pill dispenser.
